INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the 1970 edition of the Hobart City Directory, which also includes rural route residents.

Confidence in the growth of the community's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hobart City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Hobart, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Hobart, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

V. THE RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of Hobart, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of the community. There are more than 800 of these Directory Libraries, installed and maintained in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

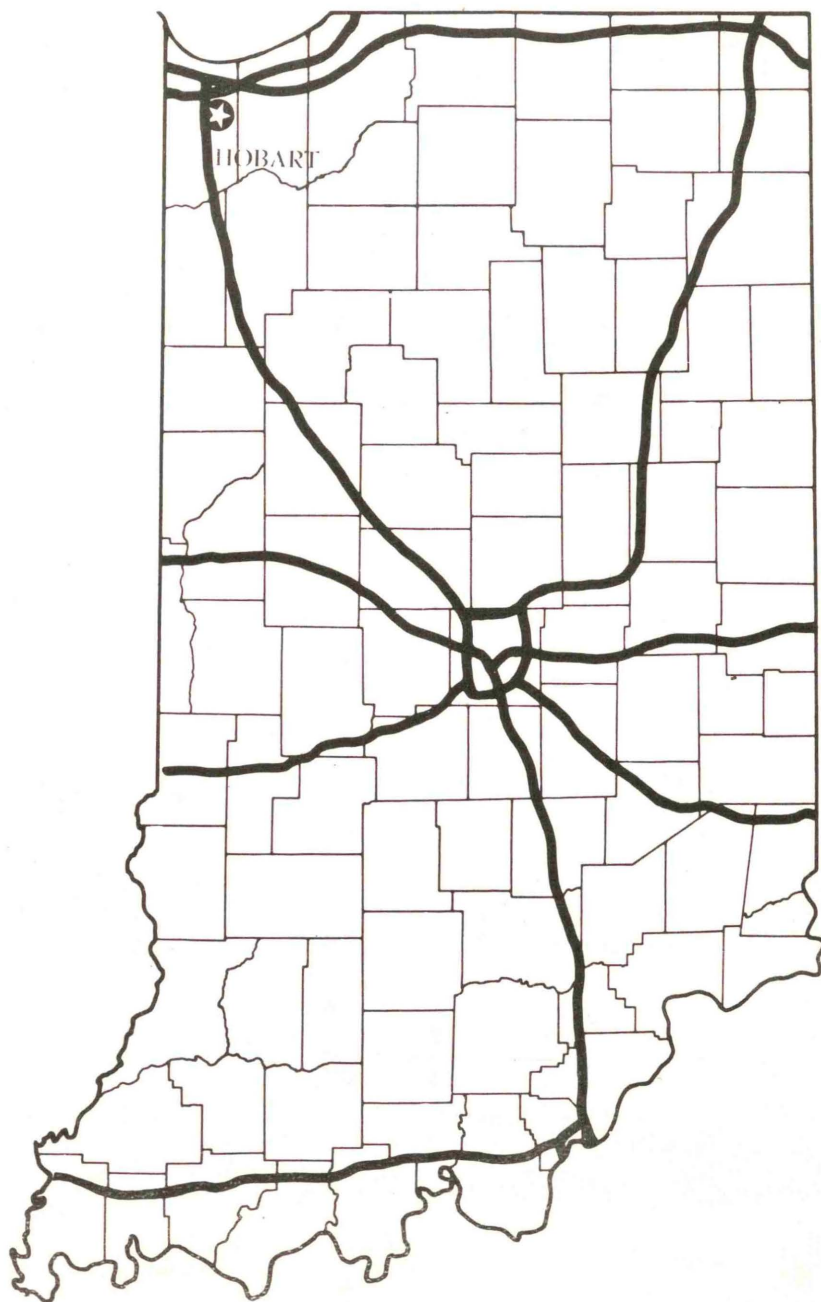

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

History

Hobart was founded in 1847 by George Earle when the Government Post Office was moved to this site. Earle laid out the plat of the town along the banks of Deep River and named the new community after his brother who had gone to Australia.

HOBART CITY HALL
(Courtesy Keith L. Reinert, Architect)

The new town was located on the Chicago-New York stagecoach route, then used extensively by the Forty-niners in the California Gold Rush.

The damming of Deep River for use of a grist mill made Hobart a commercial center for farmers, and in 1858, the community had the distinction of being the first railroad center in Lake County. By 1870, Hobart was described as "having the air of a city." Its population was 500, and in addition to the railroad it had the finest hotel and the county's only art gallery. Brick-making was then the largest industry. The first bank was established in 1884.

The first organized religious congregation in Hobart was that of the Augustana Lutheran Church, which celebrated its centennial in 1962. Other early-established churches were the Methodist, 1869; Unitarian, 1872; Trinity Lutheran, 1873; and St. Bridget's, 1875.

The first town board was organized in 1889, and the first city government, in 1921.

Government

Hobart became a fourth-class city in 1950; third-class in 1966. The city government consists of a mayor, seven councilmen, a city clerk-treasurer and a city judge, elected every four years in odd-numbered years immediately preceding presidential election years. Hobart is divided into 5 councilmatic districts, with a councilman representing each district and two at-large, all of them elected at-large. The council meets in the city hall on the first and third Wednesday of each month.

The city council elects a bi-partisan school board, consisting of five members, who serve staggered three-year terms.

The City operated a modern sewage-disposal plant and is currently expanding the treatment facilities as well as following a long range plan in the construction of new sewer line, expected to reach the west, south and east boundaries of the community within four years.

Hobart's city council adopted a master plan, prepared by the Purdue-Calumet Foundation, for the planned growth of the community. In June of 1964, the City Council annexed 3,300 acres. The portion lies south of Route 6, north of 61st Street, west of County Line Road and east of Mississippi Street. New ordinances have set aside desirable sections for light industry, and an industrial foundation has been established to facilitate the coming of such to the community. A new distributing center for a large milk company was established in the newly-zoned area in the spring of 1961. New city buildings, a garage and storage have been constructed on Center Road. Other buildings are expected soon.

Other recent ordinances have provided high standards in home construction and property use which protect the high level of community life prevalent in every section of the city.

Residential Features

Hobart is a scenic, sprawling community which bridges a gap between large industry and rural tranquility. The majority of the citizens gain their livelihood in the Calumet industries to the north and west of Hobart, but prefer to raise their children under the leisurely influence of the open acres to the south.

Sixty years older than its giant neighbor, Gary, Ind., Hobart remains a proud and individualistic town, although its population has doubled in the past dozen years. Few communities have blended their love of tradition with the needs of progress as well as has Hobart in recent years. This is a community where an old-fashioned parade can start up on the slightest excuse, but not a tear will be shed for a building that must come down to provide shopping. Hobart has two expanding shopping districts in addition to the downtown area. There are thriving business districts on the east and west sides of town.

Residential property ranges from the modest, well groomed bungalow to the highest-priced, modern executive home. Visitors frequently comment on the beauty of the individual yards in Hobart, there being vir-

tually no substandard dwellings or neglected properties in the community.

Housing: Approximately 30 medium rent apartments are available on an intermittent basis, with most of them being of very recent construction. However, in this price range there is a complex on the boards of 600 units for immediate construction with an eventual total of 2000 units. Lower rental apartments are few in number and are all of older vintage. Single family dwelling for sale are always available and in most price ranges with the emphasis on the medium price homes. There are some in the \$35,000 and over class and an average number in the below \$15,000 class.

Traffic-safety and fire-protection records in Hobart are outstanding among Indiana cities, and good utilities are available. The Gary-Hobart Water Corp. furnishes water, and the Northern Indiana Public Service Co. furnishes gas and electricity. The General Telephone Co. of Indiana has Direct Dialing Service.

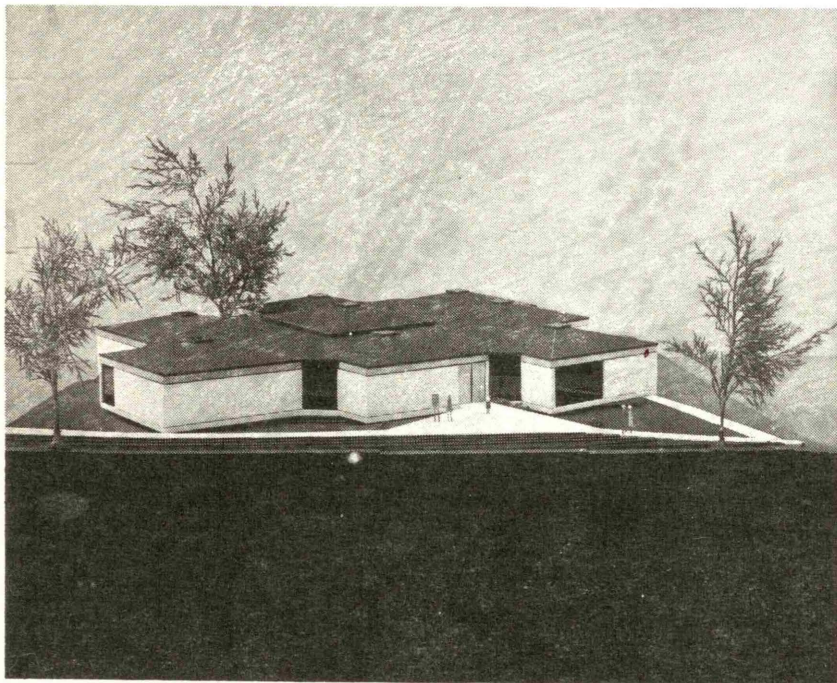

The City has received many national awards for being a clean city.

Hobart Branch of the Lake County Library is situated at 100 South Main St. (See picture below).

Recreation

Lake George is the focal point for the scenic and recreational activities of Hobart. Lake View and Fred Rose parks lie along two shores of the lake, and area parks also have been established. The Lake is used for boating, fishing and skating, and a rustic scout cabin on the north bluff is the recreation center for hundreds of Hobart boys and girls.

The City Ball Park is located at Hillman Park on the west side of the city. Hobart's Little League Park, at 8th and Lake Park, is considered one of the finest in Indiana, and basketball and baseball activities are enjoyed through cooperation of various local groups with the

NEW HOBART PUBLIC LIBRARY

school system facilities. Hunting in the marshes south of Hobart and sledding in the ravines are followed by many residents.

Recreation: The city of Hobart has 10 parks with a total acreage of 90 acres, which is increased by dual use of the school playgrounds during the summer. We have two semi-public golf courses. We have two swimming pools; one is the brand new family YMCA building which provides fun and recreation for the entire family. Lake George is in the very center of the city and provides facilities for boating, swimming, fishing, and picnicking. We are the lucky recipients of two lakes and parksites donated to the city by the engineering firm constructing the segment of I-65 which passes through the western outskirts of Hobart; one to be used by the police as a training ground, and the other for public use. We are within 15 miles of Indiana Dunes State Park, and the proposed National Lake Shore Park adjacent to it.

In addition to numerous women's and men's clubs and service organizations, Hobart has a Mayors Youth Conference, a Conservation Department gun club; an active Izaak Walton organization, with clubhouse on the lake accommodating many worthwhile activities; a Players Guild theatre group, and a boat and ski club. One of the most recent organizations to be established is the Hobart Y.M.C.A. Many Hobart young people also take part in C.Y.O. activities, provided by the Gary Catholic Diocese.

The Hobart Historical Society is located at 4th and Center Streets. There are many interesting exhibits there.

Newspapers

Two weekly newspapers, the Hobart Gazette, published in the city, and the Hobart edition of the Herald Newspapers, published in nearby Merrillville, serve the Hobart community. The Gary Post Tribune and Chicago daily papers also have a large local circulation.

Transportation

Gary Intercity Line, Inc., serves the Hobart-to-Gary route, with several round trips daily.

Public Transportation to Chicago is provided from Gary via the South Shore Illinois Central System, and two trips daily are provided for commuters via the Pennsylvania System.

Most commuters to the Chicago metropolitan areas use the Indiana Toll Road System, which joins the Chicago Skyway route into the heart of Chicago, or the Tri-State System, which joins the Illinois Toll Road.

Both of these routes are easily accessible to Hobart drivers.

Commuters to the industrial areas use U. S. No. 6, which bounds the north edge of Hobart, or U. S. No. 30, which parallels U. S. No. 6 two miles south of Hobart. State Highway No. 51 runs north and south through the community, and State Highway No. 130 runs southeast from Hobart to Valparaiso. (See Statistical Review for names of railroads).

Schools

Enrollment in the Hobart public schools in 1961 was 4,076, with 169 teachers. Five elementary schools, grades one through six, are located in centers of residential population. Lake Shore is a special school for retarded children. The Junior High School (7, 8, 9) is situated at 4th and New Streets, and the High School (10, 11, 12) is on 8th St. The superintendent of Schools and Director of Pupil Personnel have offices in the Administration Building at 32 E. 7th Street.

Hobart High School, accredited by the North Central Association of Secondary Schools and Colleges, has long been noted for its high scholastic standards and prominence in sports and music. The band, organized by Wm. D. Revelli in 1925, has won national recognition.

There are two parochial schools, St. Bridget's Catholic, located on Main St. (center), and Trinity Lutheran, at 9th and Linda Streets (south)

NEW ADMINISTRATION BUILDING FOR HOBART SCHOOLS

serving grades one through eight. St. Bridget's new school in service now.

Kindergartens are conducted in all elementary public schools and in both parochial schools.

A limited number of classes is offered to high school students in the summer.

Hobart is six miles from the campus of Indiana University (Gary) Northwest Campus, and 11 miles from Valparaiso University and Valparaiso Technical Institute. Purdue University and St. Joseph's College have extension programs in nearby cities.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

For A Progressive Hobart

The Hobart Chamber of Commerce is an organization of Hobart Businessmen and Professional people, dedicated to the task of building a bigger and better city, to making our city more attractive and to serving the community in it's many fields of endeavor.

The Hobart Chamber of Commerce has long recognized the need for the expansion of it's industrial development. The enrichment of it's community life, depends largely upon the degree of advancement realized from industrial development. The formation and organization of the Chamber of Commerce Industrial and Commercial Division is directed to this task.

The extremely rapid rate of population increase in Hobart demands close attention to such matters as taxation, governmental affairs, traffic, highways, schools, city planning and solicitation controls.

Street and Avenue Guide Including
Telephone Numbers, Home Owner
Symbols and Zip Codes

1970

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes, the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol \odot following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

**CITY DIRECTORY
ADVERTISING**

IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of Hundreds of other cities.

★

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. **Your name, listed correctly in the City Directory, is a great asset.** This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

When You Want to Know:

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on
a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems
that pop up unexpectedly to annoy and
baffle you.**
- you can quickly find the answer
in the City Directory.**

A STATEMENT OF ADVERTISING PRINCIPLES

- 1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.**
- 2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.**
- 3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.**
- 4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.**

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.
